iUniverse, United States, 2006. Paperback. Book Condition: New. 223 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. I craved the passion and proficiency of so many who embarked in careers with great satisfaction. I wondered what it would feel like to be able to stay aboard the ship with the first crash of a wave. Edge of Reason traces Elizabeth Parker s life through her abuses suffered as a child, into insanity as she deals with schizoaffective disorder as an adult. Despite climbing the ladder of success, she plummets into destructive depressions and suicidal thoughts. After growing up as a lesbian, she enters into a relationship that endures several years of her undiagnosed illness. When Elizabeth first decides to add another woman to the already-established relationship, it seems that everything is going her way-a successful career and an intense love triangle. But her dive into depression tests the words I love you, bringing up the question of who really loves whom. Elizabeth s dreams and nightmares of unfulfilled expectations explode into a thousand different directions when her illness propels her to the brink of suicide. Just when Elizabeth believes there is no hope, the light shines through-but at what cost? Everything she believes to be real may be only a figment of her imagination and paranoia . or is it?.
