Lifetips 101 Green Travel Tips

By Linda Handiak

Lifetips.com, United States, 2007. Paperback. Book Condition: New. 198 x 119 mm. Language: English . Brand New Book ***** Print on Demand *****.With reports that sea levels are rising and Arctic ice is shrinking, climate change has become a hot topic. Yet the travel industry, a major source of carbon emissions, is growing at full throttle. I believe that we can no more ignore environmental security than forego the use of metal detectors at airports. Yet I would be loath to give up travel. Although I mention various organizations throughout the book, my intention is to provide snapshots of possibilities, not endorsements for any organizations. You ll find tips for evaluating your choices in the How Green Is It? chapter of this book. Tread lightly on the earth so that it may continue to support you.

Reviews

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
