We all know that millionaires think differently but even they need to have paradigm shifts from time to time. In this thought provoking book Gerry Hartigan shatters a lot of our time held beliefs about success and reinterprets many of our sacred mantras. Much of what we consider true statements or beliefs actually hold us back from achieving success. Gerry analyzes a lot of those mantras to help us see where we need to make changes in our thought patterns if we want to see real changes in our personal lives and our businesses. For example, we are told that winners dont quit. Gerry says of course Winners Quit. They know that when something isnt working or making a profit they need to quit it and move on to something else. Yoda taught us that Do or Do Not. There is No Try. Gerry shows in his book that there is a lot of TRY. Everyone has to try and try again long before they learn to DO. Read this book and discover these paradigm shifts and many others we need to make to get away from bad mantras that limit our success and stop us from reaching our potential. Gerry covers the subjects of: The Millionaire MindThe Millionaire ManifestoMarketing Your BusinessThe Path to Becoming a MillionaireWinners Do QuitMoney Does Grow on TreesWhy You Must Never Retire. It Is Bad for You. The book contains many other powerful concepts that will help change your life and business for the better. This item ships from La Vergne,TN. Paperback.
