THE SOURCE

Blurb, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The Source is a book that gradually awakens you to the realisation that you are more than what you think you are. Many people see their lives as worthless and only have value once their lives are filled with things . The Source is a good news story that reassures you that you have already reached the promised land and that you don t have to strive or struggle for anything. You will also come to realise that you are far more powerful than you think you are. The idea is that all thoughts are a form of prayer that in one way or another actually come true. The life you have is a direct result of your thinking. Life doesn t just happen to you, it is a reflection of you. The Source provides you with a perspective that leaves you feeling all powerful because it suggests that you are responsible for everything that happens in your reality. This means that you can change your life by changing your thoughts. Even better news is that you don t have to make plans or try to think about how to solve any problems. All you have to do is just visualise the problem solved and the how will be taken care of for you. See yourself looking and feeling rather pleased about things and life will unfold to make that feeling a reality. Ultimately, we all want to feel good and you can take that first step by reading The Source.
