These figures mean that with nearly \$3,000,000.00 larger investment in 1915 than in 1907, the railroads of the country had approximately \$25,000,000 less income with which to take care of it. Wool Manufacture Slightly Improved. The tables issued by the National Association of Wool Manufacturers as of September 1, taking them by and large, show comparatively little improvement in the wool manufacture over the same date in 1914. While fewer of the wide looms are working by.7 of one per cent., the narrower looms show a marked increase of inactivity, from 17.3 per cent, in 1914 to 31.2 per cent, idle in 1915. Carpet looms are better occupied, the figures being 38.3 per cent, idle in 1914 and 24 per cent, in 1915. Likewise woolen cards, woolen spinning spindles and worsted combs all show greater...
