E-COMMERCE: OPERATIONAL ASPECTS, ACCOUNTING, AUDITING AND TAXATION ISSUES

New Century Publications. Hardcover. Book Condition: New. With the introduction of World Wide Web in early 1990s, use of Internet for commerce has grown tremendously. E-commerce involves individuals and business organizations exchanging business information and instructions over electronic media using computers, telephones and other telecommunication equipments. There are two types of E-commerce ventures in operation: (a) the old brick and mortar companies, which have adopted electronic medium, particularly Internet, to enhance their existing products and services, and/or to offer new...
