

Speech and Language Development and Intervention in Down Syndrome and Fragile X Syndrome

By Joanne E. Roberts, Robin S. Chapman, Steven F. Warren

Brookes Publishing Co. Paperback. Book Condition: new. BRAND NEW, Speech and Language Development and Intervention in Down Syndrome and Fragile X Syndrome, Joanne E. Roberts, Robin S. Chapman, Steven F. Warren, Spotlighting two of the most prevalent and most researched genetically based disabilities - Down syndrome and Fragile X syndrome - this cutting-edge text clarifies the distinct speech and language issues associated with each disorder and helps readers conduct individualized assessment and intervention. An essential upper-level textbook and an invaluable professional reference, this book gives readers the up-to-date research and clinical insight they need to: fully understand both disabilities - the behaviors, characteristics, genetics, and treatments associated with each; see how speech and language develop across the lifespan, from infancy to adulthood; apply principles of effective assessment with people from every age group; use specific interventions to support key aspects of speech and language development; tailor assessment and intervention to an individual's communicative needs and abilities; tune into the family's perspective and encourage their ongoing involvement; and examine other disorders by using this research as a model for future practice. Authoritative contributions from more than 15 leading experts prepare readers for effective clinical practice, and the "directions for research" sections throughout the...
